

DUCT MOUNTED SYSTEM

2017 Space Technology
Hall of Fame Inductee

description

- Duct or plenum installed natural air system
- Discreet or concealed installation
- 100/277 volt optional installation
- UV bulb monitoring indicator included
- Low maintenance – no cleaning required

applications

- Installs into HVAC systems with accessible ducts
- Residential homes
- Apartments
- Small offices

the technology

The activTek INDUCT 2000 substantially reduces odors, visible smoke in the air, and microbial populations on surfaces*, utilizing the patent pending ActivePure technology. ActivePure consists of a special UV light and photocatalyst target, creating an Advanced Oxidation Process containing several friendly oxidizers.

Our proprietary ActivePure® Technology uses light waves and a catalytic process to produce scrubber ions that remove dust particles from the air. Our Certified Space Technology continuously protects and purifies the air, and attacks contaminants on all surfaces.*

*Published scientific studies conducted on behalf of activTek by Dr. James Marsden at Kansas State University demonstrated that activTek's ActivePure® Technology substantially reduces microbial populations on surfaces. The study's results are being provided solely for informational purposes. The study's results have not been reviewed by the FDA, EPA or any other governmental agency. Our products are not medical devices and are not intended to diagnose, treat, or cure any disease. We make no claims and no claims should be inferred as to the efficacy of our products to sanitize, disinfect or kill germs or other antimicrobials.

specifications

INDUCT 2000	US40532 • US40663B (ozone free)	
electrical	Input Voltage: 100/277 VAC, 50/60 HZ	Current: .17A 19 Watts
mechanical	UV bulb monitoring system install	safety switch installed
dimensions	9.62"H x 9.62"W x 11.25"D	24.5cm L x 24.5cm W x 28.5cm D
weight	3 lbs	1.2 kilograms
max temp	200°F	
coverage	Up to 2,000 sq. ft.	
warranty	Limited 3 year warranty
